

UNIVERSITIES AND COLLEGES

Bob Jones University

www.bju.edu/

Bob Jones University exists as a training center for Christians from around the world. The goal of the administration, faculty, and staff is to equip its students for a lifetime of service to Christ. While the majority of Bob Jones University students enter Christian ministries upon graduation, a large number also become professionals in such secular fields as higher education, medicine, law, and business. The University gives special emphasis to studies in Bible, church administration, missions, pastoral training, theology, history, education, ancient and modern languages, public speaking, drama, music, and literature.

Greenville Technical College

www.greenvilletech.com/

Greenville Technical College is one of the largest urban, public two-year colleges in South Carolina. The mission of the college is to provide the highest quality learning opportunities primarily to the residents of Greenville County through exceptional postsecondary programs and services. The college's curricular offerings include technical courses, certificates, diplomas, associate degrees, and university transfer courses. Developmental courses are available to prepare students to enter a program of study or to take the General Education Development (GED) tests.
